

Dance Rehearsal Notes:

1. **Every child must have a caregiver available** throughout the duration of their rehearsal.
2. **15 minutes prior to your scheduled Blocking Rehearsal time**, bring your dancer to the hallway outside the entrance of the theater wearing performance costume, hair, makeup, and dance shoes.
3. Every recital rehearsal day has 3 sections. **Blocking, Finale** and **Dress Rehearsal**. Every dancer must be present for all 3 sections.
4. After each time your child performs on stage, **meet our staff in the hallway** to get your child ready for their next performance.

What is the difference between blocking rehearsal and dress rehearsal?

During **Blocking Rehearsal**, dancers take the stage to familiarize themselves with entrances and exits, their designated formations, and the lighting arrangements.

Dress Rehearsal allows dancers to fine-tune their performance on stage to replicate the exact look and feel they aim for during the recital.

How To Be Stage Ready:

- ★ Remove jewelry/watches/hair bands on wrist.
Pro tip: If your child has newly pierced ears, please cover the earrings with skin tone bandaids rather than removing.
- ★ Remove temporary tattoos and nail polish.
- ★ Bring your purple finalé T-shirt.
- ★ Label all of your belongings.
- ★ Electronic devices are not allowed backstage or in dressing rooms.
- ★ Use restroom before we begin.
- ★ For modesty and ease of costume changes, please wear Revolution skin tone leotard (available at CDMC)
- ★ No undies under tights (dance tights hve built in undies)
